3. **Competences and responsibilities of the Steering Committee**

   3.1 **Competences and responsibilities of the Steering Committee**
a. The SC is the operational decision-making body within the organisation and is responsible for day-to-day coordination and management of the organisation and steering of its operations.

b. The SC is responsible for monitoring and coordinating the work of the Secretariat and the Working Groups.

c. The SC together with the Secretariat is responsible for the overall financial well-being of the organisation.

d. Among other competencies, the SC:
   1. Coordinates the administration and management of GSF;
   2. Coordinates the reporting of Working Groups;

   7. Selects and appoints GSF members, Working Group members as well as members of the Secretariat;
   8. Establishes, and if necessary implements, a procedure for setting up working groups for specific policy areas;
   9. Ensures that all GSF institutions and bodies are informed about the decisions of the SC of relevance to the work of those bodies; and serve as the contact point for them;
   10. Develops GSF long-term project involvement strategy and, together with the Secretariat, contributes to the process of specific project planning.
   11. Draws up a portfolio of competencies for all GSF bodies and elected representatives being in line with the GSF work plan and strategic framework;
   12. Keeps all members, candidate members and associates regularly informed of the activities of the organisation through active community management and communication;
   13. Takes political responsibility over the financial implications of its own work. The SC should be constantly informed about the financial situation of GSF, including debts, financial reporting of projects or proceedings with payment plans.

3.2 **SC Task division**

a. The task division is decided upon by the Steering Committee at the start of the mandate. The Task Division should be evaluated and discussed by the SC within the first six months
of the mandate. Once decided, that task division for the respective mandate is added as an annex to the Rules of Procedures.

b. The task division will be reviewed after every half year to ensure that all assigned members to the policy field still feel comfortable working therein.

3.3  Rights and duties of Steering Committee Members

3.3.1 Steering Committee members rights

a. The members of the Steering Committee are given 200 euros per month as financial support to cover their non-reimbursed expenses of volunteering for GSF. This money should be transferred to each SC member twice a year. However, this is not a salary, but a contribution to the SC’s often considerable communication expenses. The individual members are responsible for reporting the payments to their national tax authorities, if necessary.

b. SC members can claim reimbursement for reasonable travel expenses, including the travel to the airport and local travel expenses. Usually, air travel and accommodation will be prepaid for internal events, but these expenses are reimbursed if the SC member paid them. GSF will also reimburse visa costs (including additional costs like transport to accommodation if needed for obtaining a visa), as necessary.

c. SC members can request reimbursement for a reasonably priced (maximum €8 for breakfast, €15 - for lunch, €20 - for dinner) meal if there is no food provided at the external event they are attending on behalf of GSF or if the travel time to the event is longer than six hours (travel time here also includes local transport).

d. For internal events, the SC will set the limit according to the prices of the place the meeting is taking place and this will be communicated together with the rest of the practicalities prior to the internal event.

e. SC members should receive adequate support, to the extent possible, to carry out their work in the best and most professional way.

f. All SC members can receive mobile data credit if required (in case of special Roaming tariffs apply) to help offset communication costs in the case of having at least one GSF event within a month.

g. The SC members are requested to accept the principle of collegiality. Conflicts and issues raised in the SC are not to be shared with externals outside of the SC team. In order to enable solution of internal conflicts which may harm the atmosphere within the team, an external mediator can be chosen to help with resolving a dispute.
3.3.2 **Steering Committee members duties**

a. Read and know GSF’s basic rules, policy and regulations.

b. Understand the basics of the international initiatives where GSF is involved.

c. SC members should be able to spend at least 10-20 hours per week on GSF work, including online work and travelling.

d. SC members should fulfil their tasks on due time and as agreed in the task division, as well as any other timeframe that the SC might agree upon.

e. SC members are expected to participate in all necessary handover activities and ensure the proper handover of their work from one team to another.

f. SC members are expected to check their emails at least once a day, unless they have previously communicated their unavailability to the rest of the team. Any external communication should be answered within 24 hours since its reception, at least acknowledging its reception. Any internal emails within GSF must be answered in 72 hours. Any vote sent via email will be communicated on at least one different communication platform.

g. SC members are expected to check and if necessary respond to the Telegram chat at least once a day, unless they have previously communicated their unavailability to the rest of the team.

h. Requests for reimbursement must be made within 30 days after the event, and the original receipts and/or proof of payments should be attached and numbered. The boarding passes for the air/train travel must also be attached to the reimbursement form. If there are additional procedures concerning reimbursement, an SC member is obliged to inform the Secretariat via email.

i. The SC members shall hold all internal communication and information confidential. Any disclosure of confidential information can lead to legal actions or disciplinary sanctions by the SC.

3.4 **Accountability procedures of the Steering Committee**

a. SC members should report about their individual work and the progress of the project they might be in charge of, report at least in every GSF meeting. When SC members are unable to attend any SC meeting a written report needs to be delivered in line with oral reporting required from other SC members at relevant SC meetings.

b. Due to the distance nature of the work of the SC members, constant communication is expected from them as well as the sharing of the drafts/documents they work on the shared google drive.

c. In case a SC Member is not respecting the rules of the Organisation or in case his/her/their behaviour showed to be in strong contradiction with the values of the GSF, both the Steering Committee and the home organisation can open internal disciplinary actions and even start a procedure of removal of the SC Member.
d. Travel booking in cooperation with the secretariat should be done no later than 3 weeks before the event itself (but as soon as possible), unless the event information was communicated with shorter notice.
